Benefits

Critical Threat Alerts

Our team of expert analysts continuously monitor:

social media
dark web forums
traditional media outlets

As they scour these sources for any mention of you or potential threats related to your interests, they will prioritize high/critical severity threats, investigate these, and once validated they are immediately sent to the Concierge Cyber Member for review.

Monthly Threat Intelligence Summary Report

One (1) Monthly Intelligence Report that includes:

- Key findings for the one month period
- Recommendations in response to findings
- A recap of high/critical threats that were identified during that one month period
- A summary of monitoring work that was performed by the analyst team in that one-month period

Targeted Intelligence Requests

A targeted Request for Information (RFI) that goes into more depth to provide answers on a limited focus for a single problem or threat actor related to monitoring findings

Members receive two (2) RFIs per year; no rollover year to year; must be requested sequentially
